

**Vacuum**  
**SD 15**

**Powerful dry vacuum for professional use**

The SD 15 has a very good suction performance, even for the depth cleaning of heavily soiled carpets.

Thanks to the steel case, it is extra robust and the 15 m power cable enables a big working range.

The cap cover practically contains the accessory suction nozzles, which are thereby always at hand.

**Recommended applications**

- Hotels
- Offices
- Schools
- Kindergarten
- Hospitals
