ACCESSORIES ESCALATOR AND MOVING PAVEMENT CLEANER

RF 40 - Application to choose brushes

The use of the brushes depends on several things, mainly the kind of the escalator, the condition of the escalator and the amount of dirt.

Suggestions for applications to choose of brushes for RF 40:

Brushes 0,5 mm:

- Use with shifting unit
- Use for cleaning the raisers of the escalator
- Use with easier dirt / dust

Brushes 0,8mm:

- Use with shifting unit
- Use for cleaning the raisers of the escalator
- Use with normal dirt

Brushes 0,8 mm long

- Use with deep striations in the stairs
- Usage not optimal with shifting device

Brushes 0,5 mm welded, double bristles

- Usage enables a faster cleaning with very much dirt.
- Usage not optimal with shifting device

Brushes 0,75 mm grit

- Very abrasive
- Use to remove the coating of the escalator
- Use to create an even optic at already damaged escalator coating
- Only in cases where you don't need to take care for the escalator coating
- Usage not optimal with shifting device
- High abrasion creates a higher wear-out of the brush head

This is not a general indication advice. Sometimes it is necessary to try several brushes.

Results only in combination with the HEFTER cleantech special cleaner for escalators.

Please also read the RF 40 manual.

CLEANING EQUIPMENT - THAT EVERYONE NEEDS

Article no: Description

The **ULTRAFINE Microfibre cloth** is an all purpose cleaning tool of absolute premium quality for cleaning, polishing, drying and much more.

ULTRAFINE – microfibre of highest quality – is unmatched in its cleaning power, extingts easily different kinds of dirt and product residues. You can never have enough of it!!!

Made out of a premium quality 70 % Polyester / 30 % Polyamide composition, it is scratch-free and shape-retaining, even after many times in the cloth washer.

Dimensions: approx. 40 x 40cm

Quality 320 g/m²

10062393 Ultrafine Microfibre cloth blue - unit of 5 pieces
For the cleaning of surcaces

10062396 Ultrafine Microfibre cloth green - unit of 5 pieces
For the cleaning in kitchens
